ACCESSORY PACKAGES:

- It is usually necessary to compliment each costume with items such as bows on the shoes or certain ribbons for their shoes or hair, gloves, tights, props, etc. All of the aforementioned items are a part of the accessory package, which is received some time in March so that we may have time to match colors of the costumes. Also included in this package are nosegays of flowers for the night of the Recital.
- Our Studio puts together this complete package for your convenience. This eliminates "Moms" from taking up their valuable time searching for proper color, size, texture, etc. and saves on time and energy in having to follow instructions on the making of bows etc.
- It is mandatory for all students to receive this package so that we may maintain uniformity with all of our students and their costumes. A \$35.00 deposit is due January 1st for all students participating in our Recital. A \$65.00 deposit is required for our Performance Competition students only.
- We will not know, what their package consists of until all the costumes are received. Therefore, any overpaid money, will be applied to the May payment. Any amounts over the initial deposit must be paid before package is received.
